

FAST FACTS

PruLife® Custom Premier II

Overview	<p>PruLife Custom Premier II is a variable universal life insurance product that provides death benefit protection with a focus on cash value accumulation potential. Cash value that accumulates can be accessed to supplement retirement income.</p> <p>Additionally, PruLife Custom Premier II can be enhanced with Prudential's optional BenefitAccess Rider,^{1,2} which can accelerate the policy's death benefit and provide income if the insured becomes chronically or terminally ill and meets the other terms and conditions of the rider. BenefitAccess is available for an additional cost, and additional underwriting requirements apply. Please refer to the BenefitAccess Rider Fast Facts for more information.</p>
Target Markets	<p>Clients with a permanent death benefit need and who may:</p> <ul style="list-style-type: none"> ▶ Want strong cash value accumulation potential. ▶ Want to use life insurance as part of a strategy to generate tax-advantaged supplemental retirement income. ▶ Be willing to assume market risk and volatility to achieve potentially higher returns. ▶ Be interested in protection for chronic or terminal illness (available through optional riders).
Design Highlights	<ul style="list-style-type: none"> ▶ The potential to accumulate cash value, which can be accessed through policy withdrawals and loans to supplement retirement income ▶ Fixed Rate and Indexed Account Rider options ▶ Broad, diverse portfolio of underlying investment options ▶ Age Last Birthday pricing ▶ 20th-year cash value accumulation potential ▶ Two No-Lapse Guarantee periods (Short-Term and Limited) ▶ Issued with face amounts from \$75,000 and up; \$50,000 for ages 0 – 17 <p><i>Minimum face amount for NY policies is \$100K.</i></p>
Auto Issue/Jumbo Limits	<p>\$75 million/\$100 million</p> <p>“Auto-issue” refers to the maximum face amount that can be applied for on any one policy. “Jumbo” refers to the maximum total line that can be considered without review by Prudential's reinsurance partners (applied for + inforce coverage). Both limits can be reduced by amounts in force and applied for and can also be reduced by factors such as age, ratings, residence, travel, and occupation. Higher capacity amounts will be considered on a case-by-case basis and may be subject to the availability of reinsurance.</p>

S&P 500® Indexed Account Rider	<p>The Indexed Account Rider offers interest credits based in part on the performance of the S&P 500® Index (excluding dividends), using an annual point-to-point calculation method. Money that is placed in the Indexed Account is not a direct investment in the S&P 500® Index.</p> <ul style="list-style-type: none"> ▶ Each Index Segment is protected by an Index Growth Floor (the "Floor") and limited by an Index Growth Cap (the "Cap"), which means it will never earn a rate of interest that is less than the Floor (guaranteed never to be less than 1.00%) or greater than the Cap (guaranteed never to be less than 3.00%). ▶ The Floor and Cap are declared for each Index Segment in advance, and they will not change once an Index Segment is created. For new Index Segments, Floors and Caps are subject to change at our discretion, both up and down. Changes to the Floor and Cap may be based on one or more factors including but not limited to expenses, investment earnings, and profit. ▶ Premiums allocated to the Indexed Account and transfers into the Indexed Account will first be deposited into the Fixed Holding Account. On the next Transfer Date (15th of each month), all value in the Fixed Holding Account will be transferred to a unique one-year index segment. The Indexed Account can have up to 12 segments active at any given time. ▶ The Fixed Holding Account earns interest daily at a rate guaranteed to be no less than 1%. ▶ Includes a Designated Transfer Amount feature, which allows monthly transfers of a specified amount from the Fixed Rate Option to the Indexed Account. ▶ The Indexed Account Rider may be added at time of application or post-issue. ▶ For more information, please see the S&P 500® Indexed Account Rider Prospectus Supplement.
Enhanced Cash Value Rider (ECV)^{2,6} Not Available in NY	<p>The Enhanced Cash Value (ECV) Rider is an optional rider that, during the early years, provides an additional amount to the cash surrender value of the policy. ECV is suitable primarily for business-owned or premium-financed insurance. It may be added to a policy only at issue and cannot be removed after the New Business Change Period. When adding ECV to the policy, it is important to consider the following:</p> <ul style="list-style-type: none"> ▶ There is a \$250,000 minimum face amount. ▶ While short-term cash values may be higher, the long-term cash values may be lower. ▶ ECV enhances the policy's cash surrender value; however, it does not enhance the policy's Contract Fund value. ▶ ECV does not enhance the policy's loan value. ▶ There will be a one-time charge of \$0.42 per thousand of coverage amount for ECV. The charge will be deducted from the first monthly deduction on the policy. ▶ Compensation rates and structure differ on policies with ECV. A portion of first-year compensation is earned and payable in policy year 1. Provided the policy remains in force, contingent future commission is payable in policy years 2–6. ▶ Policies surrendered as part of an exchange under Sec. 1035 of the IRS Code will not receive the higher values.

Premiums	▶ Premiums can be paid to attained age 121. ⁷												
Billing Modes	Payment arrangements other than annual may result in higher aggregate premiums. ▶ Annual ▶ Semi-annual ▶ Quarterly ▶ Monthly (EFT only)												
Face Amount Increases	Not allowed.												
Face Amount Decrease	Clients have the option of decreasing the basic insurance amount of their contract without withdrawing any cash surrender value. If a change in circumstances causes you to determine that their amount of insurance is greater than needed, a decrease will reduce the insurance protection and the monthly deductions for the cost of insurance. See the prospectus for details. ▶ Minimum decrease = \$5,000												
Death Benefit Option Changes	▶ Changes from option A and C to B, and B and C to A are allowed. ▶ Changes from option A and B to C are not allowed. ▶ Option C can be changed to A or B but cannot be changed back to C.												
Definition of Life Insurance Test	Choice of: ▶ Cash Value Accumulation Test (CVAT) ▶ Guideline Premium Test (GPT)												
Withdrawals⁸	▶ Minimum amount is \$500—no limit to the number of withdrawals that can be taken. Withdrawals reduce the contract fund by the withdrawal amount plus the amount of any surrender charges and transaction charges that may be applied. ▶ Withdrawals are available at any time cash value exists.												
Loans (Standard & Preferred)⁸	Loans are available any time loan value exists and the policy is not in default. <table border="1" data-bbox="542 1184 1485 1430"> <thead> <tr> <th>Loan Types</th> <th>Maximum Amount</th> <th>Credit Rate Applied</th> <th>Interest Rate Charged</th> </tr> </thead> <tbody> <tr> <td>Standard (available during first 10 years)</td> <td>99% of cash value in variable investment options plus 100% of remaining cash value.</td> <td>1%</td> <td>2%</td> </tr> <tr> <td>Preferred (available on or after the 10th policy anniversary)</td> <td>99% of cash value in variable investment options plus 100% of remaining cash value.</td> <td>1%</td> <td>1.05%</td> </tr> </tbody> </table> <p>Note: After 10 years, all new and existing loans will be considered preferred loans and will be charged the preferred loan rate.</p>	Loan Types	Maximum Amount	Credit Rate Applied	Interest Rate Charged	Standard (available during first 10 years)	99% of cash value in variable investment options plus 100% of remaining cash value.	1%	2%	Preferred (available on or after the 10th policy anniversary)	99% of cash value in variable investment options plus 100% of remaining cash value.	1%	1.05%

¹ The BenefitAccess Rider is an optional rider that accelerates the life insurance death benefit when the insured is terminally ill or is chronically ill as defined in the rider. It is not Long-Term Care (LTC) insurance. Benefits received under the rider will reduce and may deplete the death benefit. Electing the BenefitAccess Rider results in an additional charge and underwriting requirements. Some benefit payments may be subject to a fee. Other terms and conditions apply and can vary by state. Clients should consult their tax and legal advisors. This rider is not available in California and New York.

² Available for an additional cost.

³ All riders, supplemental benefits, and product features may not be available in all states. Additional limitations may also apply based on age and underwriting. BenefitAccess Rider may not be added to the same policy as Enhanced Disability Benefit and Living Needs BenefitSM. Living Needs Benefit may not be added to the same policy as BenefitAccess Rider. Enhanced Disability Benefit may not be added to the same policy as BenefitAccess Rider.

⁴ Only available when using Guideline Premium Test. There is no initial charge for this rider but, if exercised, a one-time charge will apply.

⁵ The Living Needs Benefit is an accelerated death benefit and is not a health, nursing home, or long-term care insurance benefit and is not designed to eliminate the need for insurance of these types. There is no charge for this rider but, when a claim is paid under this rider, the death benefit is reduced for early payment, and a \$150 processing fee (\$100 in Florida) is deducted. If more than one policy is used for the claim, each policy will have a processing fee of up to \$150 deducted (\$100 in Florida). Portions of the Living Needs Benefit payment may be taxable, and receiving an accelerated death benefit may affect eligibility for public assistance programs. The federal income tax treatment of payments made under this rider depends upon whether the insured is considered “terminally ill” or “chronically ill” and, if the policy is business related, whether the insured is receiving the benefits. We suggest that clients seek assistance from a personal tax advisor regarding the implications of receiving Living Needs Benefit payments. This rider is not available in Minnesota to new purchasers over age 65 until the policy has been in force for one year, and the nursing home option is not available in California, Connecticut, Florida, Massachusetts, New York, or the District of Columbia. This rider is not available in Washington State.

⁶ Prudential’s sole role with regard to any premium finance arrangement is that of a product provider. Prudential is endorsing neither the use of the premium finance strategy nor the use of any premium finance concept sponsor.

⁷ The contract may not qualify as life insurance under federal tax law after the insured has attained age 100 and may be subject to adverse tax consequences. A tax advisor should be consulted before choosing to continue the contract after the insured reaches age 100.

⁸ Life insurance cash values are accessed through loans and withdrawals, which will reduce cash values and death benefits and may have tax consequences. The Internal Revenue Service may take the position that the preferred loan should be treated as a distribution for tax purposes because of the relatively low differential between the loan interest rate and the contract’s crediting rate. Distributions are subject to income tax. Were the Internal Revenue Service to take this position, Pruco Life would take reasonable steps to attempt to avoid this result, including modifying the contract’s loan provisions, but cannot guarantee that such efforts would be successful.

⁹ Duration of the charge is limited.

Guarantees are based on the claims-paying ability of the issuing insurance company and do not apply to the underlying variable investment options.
